

THERE are stars whose radiance  
is visible ON EARTH  
THOUGH THEY HAVE  
LONG BEEN EXTINCT.  
THERE are people whose brilliance  
continues  
TO light the world  
even though they are no longer among  
the living.  
THESE LIGHTS are particularly bright  
when the night is dark.  
They light the way for humankind.  
Hannah Senesh

Hannah Senesh (1921-1944). Poet, playwright, partisan. She returned to occupied Europe as a member of the Jewish underground. She was captured by the Nazis and executed in her native Hungary.
